PREAWARD SURVEY: In order to determine the responsibility of the prime contractor or any subcontractor, the Government reserves the right to conduct an on-site preaward survey at the contractor's/subcontractor's facility or to require other evidence of technical, production, managerial, financial, and similar abilities to perform, prior to the award of a contract. As part of the financial determination, the contractor in line for award may be required to provide one or more of the following financial documents:

- 1) Most recent profit and loss statement
- 2) Most recent balance sheet
- 3) Statement of cash flows
- 4) Current official bank statement
- 5) Current lines of credit (with amounts available)
- 6) Letter of commitment from paper supplier(s)
- 7) Letter of commitment from any subcontractor

The documents will be reviewed to validate that adequate financial resources are available to perform the contract requirements. Documents submitted will be kept confidential, and used only for the determination of responsibility by the Government. Failure to provide the requested information in the time specified by the Government may result in the Contracting Officer not having adequate information to reach an affirmative determination of responsibility.

ELECTRONIC PREPRESS -- Prior to image processing, the contractor shall perform a basic preflight check of the furnished media and publishing files to assure correct output of the required reproduction image. If any errors, media damage, or data corruption that might interfere with proper file image processing are discovered during inspection by the contractor, work must be discontinued and further instructions should immediately be requested from the contract administrator, see below.

This preflight must identify any problem areas with digital file submission and must include but not be limited to missing or damaged fonts, damaged disks, missing bleeds, improper trim size, and improper color definition. The Contractor is also responsible for creating or altering any necessary trapping, setting proper screen angles and frequency (unless indicated otherwise by the Government), and defining proper file output selection for the imaging device being used. All furnished files must be imaged as necessary to meet the assigned Quality Assurance Through Attributes Program (QATAP) level.

QUALITY ASSURANCE LEVELS AND STANDARDS: The following levels and standards shall apply to these specifications:

Inspection Levels (from ANSI/ASQC Z1.4):

- (a) Non-destructive Tests -- General Inspection Level I.
- (b) Destructive Tests -- Special Inspection Level S-2.

Specified Standards-- The specified standards for the attributes requiring them shall be:

ATTRIBUTE	SPECIFIED STANDARD
P-7. Type Quality and Uniformity	Approved Proofs
P-10. Process Color Match	Furnished Electronic Media

PREAWARD SURVEY: In order to determine the responsibility of the prime contractor or any subcontractor, the Government reserves the right to conduct an on-site preaward survey at the contractor's/subcontractor's facility or to require other evidence of technical, production, managerial, financial, and similar abilities to perform, prior to the award of a contract.
